State Water Resources Control Board

Department of Housing and Community Development

US Department of Agriculture Rural Development

California
Infrastructure and
Economic
Development Bank

Department of Water Resources

WHAT IS THE CFCC?

The California Financing Coordinating Committee (CFCC), created in 1998, consists of six state and federal agencies and departments that work together to offer coordinated and streamlined access to infrastructure financing for California's local communities. Find more

information at: www.cfcc.ca.gov

PURPOSE OF FUNDING FAIRS

The CFCC Funding Fairs provide opportunities to obtain information about currently available infrastructure grant, loan and bond financing programs and options. Each attendee will receive copies of all slide presentations and additional useful infrastructure financing material. The Funding Fairs also provide an opportunity for attendees to speak directly with program staff about specific projects and issues affecting their community.

WHO SHOULD ATTEND

Public works and local government representatives including city managers and planners, economic development and engineering professionals, officials from privately owned facilities, financial advisors and consultants.

2007 FUNDING FAIR PARTNERS

The CFCC is pleased to announce that the California Rural Water Association will provide morning refreshments (excluding West Sacramento).

We would also like to thank the following for providing this year's funding fair sites:

- > California Dept. of General Services
- City of Carpenteria
- > Fresno County Farm Bureau
- City of Anderson
- Kern County Agriculture Commissioner
- Desert Alliance for Community Empowerment
- California Dept. of Transportation
